

Maths club is an organization of students interested in promoting mathematics in the campus. It is a student initiated and teacher supported academic group dedicated to serve the needs and interests of all students interested in mathematics. Important aspects of learning mathematics are mastering practical techniques such as addition, division, measurement and so on. Another aspect of doing mathematics involves creativity and imagination.

The primary objective of the Math Club is to foster a community of students around a common interest in mathematics. Club members will have opportunities to apply and improve math skills by participating in math competitions and learning circles. Members will also be able to engage with colleagues in the discipline by attending math conferences and will participate in social gatherings aimed at advancing interactions with their cohort.

The Math Club members will learn about interesting careers in math related fields and engage in activities that promote the appreciation and pursuit of mathematics.

The activities of the Mathematics club are:

- International Pi day celebration
- National Mathematical Day celebration
- Math's talent hunt
- Weekly math puzzles
- Organizing inter school competitions on various mathematics topics
- Conducting various projects on maths
- Maintaining a bulletin board
